New Construction Information
 Metering requirements vary based on type of service. You should provide a suitable and easily accessible location including: (1) sufficient and proper space for installation of meters and other apparatus of the Cooperative, (2) meter loop, (3) safety service switches when required and (4) an adequate anchor for service drops. We recommend you use a licensed electrician for the installation of the meter loop. Wiring specifications may be found at MedinaEC.org/NewService.
